Mon-Fri 6am-8pm, Sat 7am-4pm PT

The portable label printer with desktop performance for greater productivity.

Epson's LabelWorks LW-700 label printer offers the best of both worlds: increased productivity and convenient, battery-powered portability. Simply connect it to your computer via the included USB cable to easily create customized labels, or use the built-in keyboard to design and print labels anywhere in the home or office. Featuring an impressive array of fonts, symbols and frames, plus an automatic cutter and back-lit graphic display, you can easily produce labels for every need. And, it's efficient - reduced lead margins mean up to 60 percent less waste, while large, built-in memory and data import capabilities make tackling big projects a snap.

Model: C51CA63240
